- ✦ **conditional offer from the university**
- ✦ **financial support**
- ✦ **proof of English language proficiency**

UNIVERSITY OF OXFORD

Deadline:

- September 1: first submission of the UCAS form
- October 15: final submission of the UCAS form

ENTRY REQUIREMENTS, FEES AND FUNDING: MEDICINE

The screenshot shows the 'Fees' section of the University of Oxford Medicine website. It includes a table of annual course fees for 2021, categorized by fee status (Home and Overseas). The text explains that pre-clinical fees are charged in years 1, 2, and 3, while clinical fees are charged in years 4 to 6. There is also an 'APPLY' button and a note about the university's policy on accepting transfer students.

Further information for EU students starting in 2021 is available here.

Fees

These annual fees are for full-time students who begin this undergraduate course here in 2021.

Fee status	Pre-clinical annual course fees
Home (UK, Republic of Ireland, Channel Islands and Isle of Man)	£9,250
Overseas (including EU)	£35,380

Pre-clinical fees are charged in years 1, 2 and 3.

Fees for the later years have not yet been confirmed but please note that these may be different from the pre-clinical fees. Clinical fees are charged in years 4 to 6. As a guide, these are the annual fees for students who will complete the pre-clinical stage of their course and progress to the clinical years in 2021.

[APPLY](#)

We regret that the University of Oxford Medicine course cannot accept requests from students wishing to transfer from other universities to Oxford. Additionally, Oxford does not accept students who wish to spend a year at the University as part of an intercalated course in Medicine. Applications will also not be considered from people already studying medicine elsewhere who wish to apply to study the course from Year 1.

[Read the Medical Schools Council's advice on gaining relevant experience in](#)

IB: 39 (including core points) with 766 at HL. Candidates are required to take Chemistry and at least one of Biology, Physics or Mathematics to Higher Level.

Conditional and unconditional offer
